**VACANCY #1631**

**Opening Date: Thursday, March 3, 2016**

**Closing Date: Thursday, March 10, 2016**

# **Water Distribution System Tech I**

## **(Water/Sewer Maintenance Department)**

An employee in this class performs manual work of a semi-skilled and skilled nature testing fire hydrants, applying a pressure gauge and recording readings, opening and flowing. Assist in maintaining and using a computer record keeping system. Also, flowing water at designated locations for water quality. Must work closely with the city water quality lab and the general public. An employee in this class works under the general supervision of the Water Maintenance Superintendent. At times as needed may perform routine and heavy manual work of a semi-skilled and skilled nature and a variety of tasks requiring the use of hand tools and light to medium power equipment. Work may involve pipe laying and tapping, operating pneumatic equipment and performing related construction maintenance and/or repair duties. Work may include driving a truck or tractor and may require more than usual physical strength and endurance.

### **Minimum Experience and Training**

Graduation from an accredited high school. Experience in plumbing maintenance and /or construction tasks or an equivalent combination of experience and training.

### **Special Requirements**

Must possess a valid North Carolina driver's license and have a safe driving record. Must be able to obtain a Grade 2 Certificate in Wastewater Collections and a Grade C Certificate in Water Distribution. Employee will attend one school, and then take one test. In the case the test is failed the Water/Sewer Maintenance Superintendent may approve the employee to take another test. If one or both tests are failed the employee must go back to school and will have two more test opportunities for each certification. Must be able to obtain Confined Space Entry Supervisor Certification; and Trenching Competent Person Certification; Incumbent will be required to adhere to the "on-call" practices and procedures followed by the Water/Sewer Maintenance Department. Must be able to work overtime on short notice. May be required to work on weekends and holidays as needed.

### **Physical Requirements**

Must be able to properly lift 75 to 100 pounds. Must be able to climb, crawl, and crouch. Exposed to noise, fumes, odors, and vibrations. Will work outdoors in varying weather conditions.

**Starting Salary: \$14.37 per hour**
